

Dear Customer

Welcome to our Allergen Guide. We have produced this guide to assist you in making your decision of the food and drinks we have on offer, with regards to allergens. It highlights which allergens are contained in the ingredients, dishes and drinks.

Our menu is refreshed on a frequent basis and may vary by location. Please ensure you check the matrix every time you visit to ensure you have the latest allergen information.

How to use: find your dish, ingredient or drink and on the same row information on contains (Y) and may contain (M) will be displayed.

Due to our food and drink being prepared in a café kitchen environment and using shared equipment there is a high risk of cross contamination.

Every care has been taken to minimise cross contamination however we cannot guarantee that our food and drink is free from any allergens. Products suitable for vegans may not be suitable for people with allergies

Please remember that within The Café kitchen and drinks preparation area we use products containing;

- **Cereals containing Gluten**
(*Wheat, Rye, Barley, Oats*)
- **Crustaceans**
- **Eggs**
- **Fish**
- **Peanuts**
- **Soya**
- **Milk**
- **Nuts** (*Almonds, Hazelnut, Walnut, Cashew Nut, Pecan Nut, Brazil Nuts, Pistachio, Macadamia Nuts*)
- **Celery**
- **Mustard**
- **Sesame**
- **Sulphur Dioxide/Sulphites**
- **Lupin**
- **Molluscs**

Please note colleagues cannot amend dishes or ingredients to cater for individual allergen requirements. If an ingredient can be removed from a dish, we cannot guarantee it is allergen free. If gluten-free bread is selected as a swap, we cannot guarantee that the whole dish is free from gluten.

Hopefully this information will help you to be more informed in your food and drink selection. Colleagues can assist with how to use this document but the final decision will always need to be made by yourself, the customer.
