

IMPORTANT - READ CAREFULLY - RETAIN THESE INSTRUCTIONS FOR FUTURE REFERENCE.

INFORMATION

- This product is intended for a maximum weight of **3 kgs** and drawer load capacity **1kg** each. Do not exceed this weight.
- Due to the size of this product we recommend that it is assembled in the room intended for use.
- When you are ready to start, make sure that you have the right tools, plenty of space and a clean, dry area for assembly
- Unwrap all packaging materials and place the components on top of the carton box or on a clean floor to prevent it from scratching.
- Check the pack and make sure you have all the parts listed.
- Ensure that this product is fully assembled as illustrated before use.
- Check all screws or bolts are tightened and inspect regularly.
- Keep small parts out of reach of children.
- Tools not included.

WARNINGS

- DO NOT use power tools to construct this product.
- DO NOT over tighten screws or bolts.
- DO NOT use this product if parts are missing, damaged or worn.
- DO NOT stand or sit on this.
- We recommend the use of the wall safety bracket provided for safety reasons. N.B. Wall fixings suitable for a solid wall are included although the wall plug provided may not be suitable for other type of walls such as hollow walls. Fixings suitable for your wall type must be obtained separately.
 If in doubt please consult a qualified trade person. Warning: Always ensure the area to be drilled is free from hidden electrical wires, water and gas pipes.
- It is essential that this unit is fixed to a wall with the fixings provided.
- Never allow children to climb or hang on drawers or shelves.

CARE INFORMATION

- Never use scourers, abrasives or chemical cleaners.
- To clean wipe with a sponge and soapy water. Do not use solvent based cleaners or detergents as they can bleach or damage the product.

GFW The Furniture Warehouse

Waterside Distribution Centre, Waterside Business Park, Johnson Road, Eccleshill, Lancashire BB3 3RT.

Please check the pack contents before assembling the product. If any components are missing, please contact your retailer. The fittings pack contains small items that should be kept away from small children.

STEP 8

Drill the holes for the Bedside Brackets

Drill into the mark-holes in the wall using an appropriate drill-bit.

The screws and plugs are not supplied as they need to be the correct type to suit your wall.

Note: Take care when drilling the wall that you do not drill into any pipes, wires etc. If in doubt, consult an expert.

See the next section for a guide to wall mounting and fixings

A Guide to Wall Mounting & Fixings

Important note:

If plastic wall plugs are supplied with your product:

- these are only suitable for use in masonry walls.

If you are in any doubt about the correct wall plugs for your wall, seek professional advice.

Failure of the product due to using incorrect fixings is the responsibility of the installer.

Important: When drilling into walls always check that there are no hidden wires or pipes etc.

Make sure that the screws and wall plugs being used are suitable for supporting your unit. Consult a qualified tradesperson if you are unsure.

Hints:

- 1: General rule: Always use a larger screw and wall plug if you are not sure.
- 2: Ensure you use the recommended drill bit to match the wall plug and hole size.
- 3: Ensure you drill the hole horizontally, do not force the drill or enlarge the hole.
- 4: Take extra care when drilling high walls, ceilings and ceramic tiles. Ensure wall plugs are inserted beyond the thickness of the ceramic tiles to avoid the tiles splitting or cracking.
- 5: Ensure wall plugs are well fitted and are a tight fit in the drilled hole.

walls are made of brick, breeze block, concrete, stone or wood.

You can use one of the following types of wall plug if your

Types of walls

Generally aerated blocks should not be used to support heavy loads, use a specialist fitting in this case. For light loads, general purpose wall plugs can be used.

No.2 "Plasterboard" wall plug

For use when attaching light loads on to plasterboard partitions.

For use with plasterboard partitions or hollow wooden doors.

For use when fitting or supporting heavy loads such as shelving, wall cabinets and coat racks.

No.5 "Hammer Fixing" wall plug

For use with walls stuck with plasterboard. The hammer fixing allows it to be fixed to the wall rather than the plasterboard. Always check the fixing is secure to the retaining wall.

No.6 "Shield Anchor" wall plug Heavy loads

For use with heavier loads such as TV & HiFi speakers and satelite dishes etc.

Care & Maintenance

Safety: Always check the fitting and location to ensure your safety in and around the home. Fitting: From time to time check the fitting to ensure the wall plugs or screws do not become loose.

Complete Assembly

Your HARMONY WALL MOUNTED BEDSIDE TABLE is now completely assembled

Periodically check to ensure that the components are in their proper position, free from damage. Also, make sure the connectors are tight and secure.
